

GIVE FOR LANINI

Support the "Dog for Lanini" drive next Wednesday. Help a former Hartnell student who is blind. Lanini's dog was killed when it ate some poisoned meat while Lanini was attending San Jose State College. Contributions will be taken in the main hall all day Wednesday. See story below.

SEND YOUR BLOOD TO A SOLDIER

PANTHER SENTINEL

PLAY NEXT WEEK

Next week, February 22, 23, and 24, the Hartnell theatre group will present their hilarious rendition of the popular play, "The Happiest Years."

Starring in the play are Tom Rogers, Jackie Day, and a host of other sparkling personalities. See story below.

Volume XX

Salinas, California, Friday, February 16, 1951

Number 16

AS WE SEE IT

By GEORGE JACKSON

Last Tuesday's commission meeting had more than a usual amount of business which was newsworthy. In setting down a definite policy on the issuing of student body cards, the group corrected a serious matter; and the support given the plan for Edwin Lanini Day next Wednesday showed the group's willingness to back a good cause.

This problem of student body cards being given to such a variety of persons connected directly or indirectly with the college could conceivably grow to impossible proportions. However, when the student commission set the limits for granting the cards (to students who purchase them and two to each of the faculty members), they also ended any possible growth of the list of card holders.

This new policy does not mean office staffs, janitorial staffs, and other similar groups will not be given something to express a appreciation for services rendered; but it does not mean that these persons would have all the privileges a student obtains when he buys his card.

Although the losing of his dog was a great tragedy for Lanini, it must be a great feeling for him to see how his friends are rallying behind him in this time of need. The loss of such an animal is like the loss of a faithful friend for any other person. However, if the reactions of the people taking part in the drive to replace the animal is a true gauge, a new and wonderful kind of faith would come to Lanini.

Although very few students would remember Lanini while he was at Hartnell, the idea that he needs help will be undoubtedly enough impetus for many to help Lanini in the drive here Wednesday.

Mathers, Rowland To Head Soph Show

Marge Mathers and Ralph Rowland were named cochairmen of the Soph Show committee at a sophomore class meeting held last Friday in the Little Theater. This committee will have the responsibility of planning and presenting the annual sophomore class activity, or Soph Show, which is offered each spring by the class.

Members of the committee are Don Schrupp, Nancy Ferris, Barbara Johnson, Dick Childs, Andy Ausonio, George Jackson, and Jerry Skillicorn.

Jackson was elected secretary to fill the office vacated by Betty Lee, who transferred from Hartnell at the end of the first semester.

Placed in charge of the class' booth at the annual carnival were Mathers and Johnson.

HOLIDAY THURSDAY

Next Thursday, February 22, there will be no classes at Hartnell, due to the fact that George Washington picked that day on which to be born.

Because the holiday falls on a Thursday, which is one of the class days for the Panther Sentinel staff, there will be no issue of the paper next week.

Also, on Thursday night, the dramatics department will present the first performance of "The Happiest Years." This promises to be a very fine comedy.

Science Faculty Works on Basic Science Course

The science faculty at Hartnell has been meeting with members of the science staffs from San Jose State College, San Francisco State College, San Mateo Junior College, and graduate students at Stanford University.

Purpose of these meetings is the development of a new basic science course, which will cover both the natural and physical science fields. This course is being set up for nonscience majors, general college students, and those students desiring a general education.

Professor Frank Gillette of the Stanford University School of Education conducts the meetings. The meetings are held every other week.

The faculty members who attended the last meeting are:

President John B. Lemos, Dr. Luella Hall, Mr. W. J. McCallum, Mr. Wilbert Robinson, Mr. Vincent Anselmo, Mr. James Wilson, and Mr. Richard Carlisle.

Council Works on Carnival Plans

"Ham and Egg" stand sponsored by the Dramatics Club will be one of the novelties at the Hartnell annual spring carnival. The "ham" will be a ham actor and the eggs will be real eggs at a dime a throw.

The alumni will have the balloon throw booth this year. Other clubs have not submitted their choices as yet but a large variety of activities is expected.

The carnival, for which no date has been set, will be held in the men's gymnasium and the music wing.

Equalization of the profits by the clubs and the amount to go toward the student union has been referred to the individual clubs for a vote.

Wednesday Will Be "Lanini Day" Here At Hartnell

"Dog for Lanini" drive started by San Jose State for Edwin Lanini who lost his "seeing eye" dog, Ilsa, last month will be sponsored by the Hartnell student body commission on the Hartnell campus, Wednesday, February 21.

Lanini, who attended Hartnell 1945-1947 will need \$1450 for a new dog. This will also cover the cost of training the dog and teaching Lanini to use the dog.

The student body and The Panther Sentinel will install a station in the main hall on February 21 to accept contributions for the "Dog for Lanini" drive.

The Panther Sentinel plans to publish all names of contributors to the drive, according to George Jackson, editor.

Bloyed, Johnson In Frosh Class Election Run-Off

Ray Bloyed and Dick Johnson received 28 and 29 votes, respectively, to gain the honor of competing in the runoff election for second semester president of the freshman class. They defeated Sally McAnaney and Wayne Crook for the privilege.

Running off for vice-president will be Don Day and Barbara "Tiny" Rodgers, who received 30 and 29 votes respectively. Loser in this race was Marvin Soroken with 25 votes. Lois Lyons won the secretarial post by a 41-to-38 margin over Diane Tripp. For treasurer, Judy Beeck and Bob Wright will move into the finals after receiving 38 and 17 votes, respectively, to leave Judy Ross and Joan Brookman out of it.

On Wednesday, the same day of the election, a meeting of the freshman committee for the Pajamarino was held in Room 4. At this meeting the committee members (Continued on Page 3)

MUSICIANS SPONSOR RECORD CONCERTS

Under the leadership of Jean Urmson, the former vice-president, the Music club is well on the way to another successful year.

The club regularly sponsors record concerts, held every two weeks. At the next meeting, however, amateur talent from within the club itself will be presented.

The semester dues of 50 cents are now payable to Diane Tripp, secretary-treasurer.

LIVELY CAMPUS COMEDY

"The Happiest Years" Opens On Washington's Birthday

"The Happiest Years," being produced on February 22, 23, and 24, promises to be the most rollicking comedy to be produced on the Little Theater stage in some time.

The story is centered upon Richard Johnson (Tom Rogers), a veteran, who is studying under the G.I. Bill to become a biology professor. He and his wife, Martha (Jackie Day), live with her family. Over the week end Richard must finish a lab report and study for an exam, and cannot take Martha to any of the college functions. Clara Graves (Barbara Nye), his mother-in-law, decides that he is more interested in Joan Miller (Helen Wolber), the student who is sharing the same experiment, than he is in his own wife.

JACKIE DAY

Clara sets out to save her daughter's marriage, but only adds to an already bad situation. Martha finally begins to listen to her mother and decides that Richard is treating her like an old shoe.

The action is further complicated by the arrival of Martha's Aunt Flo and Uncle Mort (Phyllis Williams and Bill Nye), who offer Richard a job as a salesman. He turns it down, saying his interests are at the college. Clara smells a rat, named Joan. A family quarrel based on the misunderstanding, results in Richard's walking out of the house, getting drunk, and staying away all night.

All the family troubles must be kept from the aunt and uncle who go cheerfully through the play, unaware of the situation around them.

Other members of the cast are: Carla Adams, Alida Wentworth, the absent-minded librarian who rooms with the Graves family; and Don Schrupp, Roger Littlefield, the social misfit who takes Martha to the annual Winter formal.

Director of the show is Mr. (Continued on Page 2)

Blood Drive Still Behind; Not Much Time Left

About one fourth of the required number of blood donors have turned in cards to the main office with less than two weeks left before the campaign closes. Panther Sentinel Editor George Jackson has urged all students to make an even greater effort and try to put the drive over the top before the time runs out.

With Panther Sentinel members and student body officers taking the lead in the securing of additional donors, Jackson expressed optimism that the drive would be successful. Any student may secure his card in the main office. Cards should be turned in to the main office as soon as possible.

With the increased need for blood in Korea, the Red Cross has called for more donations to meet this need. For the month of March alone, the Salinas Valley has a quota of 500 pints to meet the demand.

Now in the main hall is a graphic record of the progress of the drive at Hartnell. Featured is a large "plasma bottle" which will be filled according to the rate at which cards are turned in to the office pledging blood donations.

Entertainment at Today's Assembly

Today's Don Schrupp - planned assembly will highlight several interesting acts. The entertainers are from neighboring towns and will offer a variety of acts.

The most talented of the group will be Miss Faith Peterman who will play a number of piano selections. Miss Peterman has studied music for quite a while. Don Schrupp will also sing a few numbers.

The show will be climaxed by a short talk by Mr. Harold Ulrich on the forthcoming dramatics class play, "The Happiest Years."

Two Couples Join Ranks Of Married During Past Week

Weddings seem to be quite the style these days. The latest to join the ranks of wedded folk are Bill Menees and Marie Barranco. Bill and Marie made a special trip to Reno to repeat their vows on Tuesday, February 6. Going with them to act as attendants were Dick Dahl and Barbara Baird.

After a short honeymoon Bill and Marie are back home in Salinas. Bill is a freshman here at Hartnell while Marie is a junior at Salinas Union High School.

Former students, Jeanne Tabacchini and Milton Macken exchanged vows at the Church of the Wayfarer in Carmel. The simple double ring ceremony was attended by members of both families and by

a few Hartnell students who journeyed to Carmel for the affair. Jeanne and Milton are from Santa Cruz.

Soon to be married are Mervyn Ferreira and Charlene Gustaveson; and Leon West and Joyce Toney. Rumor has it that these two couples may make it a double wedding. The date has not been definitely set, but it will be some time soon before the end of the semester.

All four are Hartnell students, with the exception of Merv who dropped school at the end of the first semester. Merv is from Hawaii and Charlene is from Spreckles; Leon and Joyce are both from Aptos.

Progress on A&M House Moves On Toward Finish

Last year junior college students in the carpentry course at the Hartnell A&M built a hay barn for the agricultural division as part of their training in that vocation. This year the project is a five-room house.

Students began laying the foundation for the house last September. The floor, walls, roof, and room partitions of the house were completed at the termination of the first semester in January, 1951.

Many of the students who first started out on the house project last fall and put in a lot of work on the house are now in the armed forces. One, Jerry McCabe from Watsonville, couldn't see a board square, related Mr. Arthur Carlsen, carpentry instructor at the A&M, when he first began working on the house. But he learned quickly under Mr. Carlsen's guidance and soon made the house his favorite project.

Completion of the house has been suspended temporarily, awaiting the arrival of an outside plumbing firm to install the fixtures and plumbing connections. When this job is completed the students will finish the construction of the house with sheet rock on the walls of the rooms, and siding on the outside of the building. The roof has already been shingled.

As soon as the carpentry students complete the actual building of the house, Miss Mildred Novotny, and her home economics class will take over for the finishing touches. They will work out a color scheme for the house and add other necessary trimmings.

The house is expected to be ready for occupancy in June when it will be offered for sale to the public. It will be sold by sealed bid.

The plans and blueprints for the house were drawn up by the junior college students. Mr. Carlsen said that present plans call for one house a year to be built by the carpentry students. This practice and experience is necessary to prepare them to become acceptable carpentry apprentices. Apprentice time is allowed by the unions for this experience.

Today Is La Reata's Initial Camera Day

Attention amateur photographers! Today is La Reata Camera Day. All students are invited to bring their cameras today and participate in the contest for the best snapshot of the day. If sufficient number of good pictures are turned in, a special page in the annual, La Reata, will be devoted to this one feature.

Students will submit one print and the negative of the print to the La Reata staff in room 9. The best reproducible negatives will be used in the feature section of the annual.

Commission Acts On Student Body Card Issuance

Students and faculty members will be the only persons to receive student body cards as the result of action taken by the student commission last Tuesday. Effective next September, only students who purchase cards will receive them; faculty members will be given two cards as honorary student body members.

Next Wednesday will be Edwin Lanini Day, and three members of the commission, Ken Yoder, Barbara Johnson, and George Jackson, will head the drive on this campus. Purpose of the drive here will be to secure donations to help purchase a guide dog for the blind student at San Jose State who attended Hartnell.

To top off the meeting, which was one of the highlights of the year legislatively, the commission decided to permit no student to use the student body office for private business, but opened the doors to any student with official business.

College Obtains Postage Meter

Hartnell college is now placing postage on its out-going mail with a postage meter, says President J. B. Lemos.

The new meter automatically places the correct amount of postage on all mail regardless of its weight or size.

The meter is taken to the post office where it is set to register a certain amount of postage. When that amount is used up it is taken back for a "reloading."

The meter will be a big time saver as metered mail does not have to go through the canceling machine at the post office, thus saving from one to three hours.

Everytime a piece of mail is posted, the total amount of postage used is shown.

Delta Psi Omega Holds Initiation

On March 2, the Hartnell Chapter of Delta Psi Omega, the college dramatics fraternity, will initiate seven new members. These initiates have qualified as members of the society for their work on the stage and on the weekly radio programs.

The candidates are as follows:

Keith Baker, Charlene Gustaveson, Stan Lovett, Barbara Nye, Bill Nye, Bonnie Pilliar, and Tom Rogers.

Helen Wolber, president of the society, has many plans for the rest of the year, including the "Ham and Eggs" booth at the annual carnival. As yet, the identity of the "Ham" is unknown.

LIBRARY NOTES

By JOE MEDANY

Some 550 new books have been added to the library collection since the beginning of the college year in September. In selecting new books the attempt is made to provide current material while it is still current and at the same time to build up a strong reference collection on all subjects needed for student research.

The decision to purchase a particular book is based on its value and need, costs range from five cents for a government publication on collecting flowering plants and ferns to \$175 for the scholarly 24-volume "Dictionary of National Biography."

Some of the books may interest only a select few; others merit the term "Best Sellers." Among the latter is "Kon-Tiki" by Thor Heyerdahl which has the unique distinction of being an account of a scientific expedition reaching the best seller list almost overnight and will probably inspire a host of raft-builders to sail the Pacific. To quote from the review in the Chicago Tribune: "Wow! What a book!"

Personalities in the news are well represented by such books as Churchill's "Hinge of Fate," Allen's "Truman Merry-go-round," and Hinshaw's "Herbert Hoover."

Today books are often outdated before they reach the bookstores but, such books as "Pocket Encyclopedia of Atomic Energy," "The Effects of Atomic Weapons," Chester's "Radio and Television," and Lee's "Measuring Our Universe" will help you keep up to date.

The new books are kept on the shelves next to the card catalog for the first month and are ready to circulate to students and faculty as soon as they are processed.

Miss Luella Wiens, librarian, requests that:

"Any student having special collections which he would be willing to display in the case please contact the library."

PLAY...

(Continued From Page 1)

Hal H. Ulrici, Backstage will be Carla Adams, stage manager; Don Schrupp, stage crew; Helen Wolber, script; Don Schrupp, electrician; Charlene Gustaveson, make-up; Helen Wolber, program; Darrell Millsap, program cover; Betty Cunningham, house manager; Keith Baker, box office; Ralph Rowland, Carla Adams, publicity; Hal H. Ulrici, scene design; stagecraft class, scene construction.

PHIL TRINE

Former Editor Writes Back Of His Engagement

A letter has been received from Phil Trine informing the Panther Sentinel staff that Phil is engaged. Phil, last semesters Panther Sentinel editor, is now attending San Jose State college. As Phil puts it, "The earth shocking news is I have gone the way of all mortal men. I'm engaged to a Santa Cruz girl by the name of Patricia Ann Caso."

Miss Caso is a graduate of Holy Cross High school in Santa Cruz and is now employed in Santa Cruz. Trine and Miss Caso plan a late summer wedding.

Phil is at San Jose State college, where he is carrying on his journalism work. He plans to join the staff of the Spartan Daily, the college's daily, next semester.

Students Invited To Conference

Hartnell students have been invited to the second annual Stanford University Alumni Conference at Monterey Peninsula College next Thursday. The all-day confab will feature a number of addresses by Stanford faculty members. The conference commences at 10:30 a.m. with registration in the student union and ends at 4:15.

Registration fee will be 75 cents for faculty members and 50 cents for students. A luncheon will be served to conferees in the student union for \$1. Those who wish to attend are requested to call Mr. Jim Bardin at 4268.

The day's program is as follows: registration, 10:30; welcome address, 11; luncheon, 12:30; "New Drugs—Fact and Fiction," address by Dr. Windsor C. Cutting, and "Volcanoes," by Dr. Konrad Krauskopf at 1:45; and at 3, addresses by Dr. I. James Quillen and Dr. Carl E. McDowell on "Education for the American Way," and "International Trade: One or Several?", respectively.

NOTICE FOR SOPHS

Applications for graduation must be filed before 4 p.m. on February 21, said President John B. Lemos recently. The deadline for application has been extended to cover students who have returned to Hartnell at the end of the first semester and wish to graduate.

CAMPUSOLOGY

By PAUL PARSONS

I usually have these little bits of nonsense whispered in my ear, but the other night I had this yelled in my ear. Ted Dennis was doing his act on the trampoline during half-time at a basketball game when someone said, "Ted's terrific on the trampoline." From a few seats away Joan Bode said, "Ted's terrific at anything." Ralph Hitchcock, fearing that Ted hadn't heard Joan's loving words, yelled, "Ted's terrific at anything—Joan said so." Ralph's words brought a blush from Ted, a leer from Joan, and uproarious laughter from those in the stands.

RUBE ALBAUGH

Rube Albaugh proved the versatility of the basketball team the other night when the team stopped in a small restaurant after a basketball game. The restaurant operator, a young lady, was overwhelmed by the sudden rush of business and asked for a volunteer to assist her. Albaugh was the first to do it. The results were 10-scoop shakes, Hadacol phosphates, and other similar gastronomical delicacies.

Along with this passing parade we have Marge Mathers, who was passing the phone booth near the caf the other day when the phone rang. Marge answered it and a voice said, "Hell, is this Sears Roebuck?" "No," said Marge, "this is Montgomery Ward's." "OK," said the voice, "and I shore do thank ya."

The huge bottle in the main hall is a replica of a plasma bottle. Although the gauge on the bottle represents the amount of blood pledged by Hartnell students I might mention, for the benefit of Carolyn Rattan and the other quick thinking students, DO NOT PUT BLOOD IN THE BOTTLE; sign a pledge card and turn it in to the office.

We're back on the Trampoline again, with Bonnie Hearn this time. Seems Bonnie deserted her basketball class the other day and invaded Mr. Peavy's tumbling class. After her outstanding performance on the trampoline, Miss Hearn was asked how she kept in such good shape. "I eat Wheaties," she said, "with dextrose sugar, Hadacol, and sliced guavas."

I'll end this with a serious note. Don't forget the Edwin Lanini guide dog drive next Wednesday. For particulars see the Lanini story on Page 1.

CLUB NOTES

WESTMINISTER

Reverend Lloyd Morgan, minister of the First Christian Church of Salinas, will be the guest speaker at the Westminister Club meeting on February 21 at noon.

Chairman Phyllis Butters states that the meeting will be beneficial to all. Refreshments will be served.

CHRISTIAN FELLOWSHIP

Security, 1951, an application of The Sermon on the Mount, by speaker Reverend Leonard Shades of Greenfield, California, was the highlight of a recent meeting of the Christian Fellowship club at Hartnell.

Jimmy Kubik, president of the Christian Fellowship club said that 16 members attended the meeting.

NEWMAN CLUB

Newman Club is sponsoring its annual Communion Mass and breakfast Sunday, February 18, in Sacred Heart Church in Salinas.

The Communion Mass will be held at 9 a.m. with breakfast following in the cafeteria of Sacred Heart School. A full breakfast will be prepared by some of the club members. Reservations must be made by this Friday afternoon.

Jean Wolber is chairman of the arrangements committee and she

will be assisted by Dolores Settrini and Helen Wolber.

FENCING

Constantine Meros, president of the Fencing club, expects the club to disband this semester and start up again next semester.

The reason the club will disband is for lack of equipment.

HAWAIIAN CLUB

At the next meeting of the Hawaiian club the members will elect new officers.

There has been a change in the rules of the club. Now only the president has to be Hawaiian. The rest of the offices can be held by any member in the club.

Plans for the next meeting is to show a colored picture of the Islands, according to Frank Paz, president of the club.

FROSH . . .

(Continued From Page 1)

bers began plans for the novel type of dance, according to Publicity Chairman Sally McAnaney. General chairman for the affair is Betty Cunningham, and her assistants for various phases of preparation are Lois Lyons, Lucy Papac, Joan Brookman, Tiny Rodgers, Ray Welch, Marvin Soroken, and Dick Johnson.

Judy Beeck Tells of Germany Compared With U. S. Impressions

Judy Beeck's talk on "German Home Life as Compared with American Home Life" was the featured event at the Colhecon club meeting last Friday in room 35. At this same meeting, Nancy Ferris was appointed club represen-

tative to the Interclub council.

Miss Beeck's talk outlined the impressions of what she had expected to find in America after the impressions she had received from Americans in Germany, and what she had heard about this country. In many ways she found the American way of life different from what she had expected, and from what it was in Germany.

A German's impressions of the U.S. are apparently somewhat glorified until he actually observes Americans in action. Miss Beeck reported that she was surprised to find that American men helped with housework, because in Germany no man will ever do shopping.

Relations between parents and children, and children and teachers are much different in her home country than in the United States; and the educational setups in the two countries differ greatly, with social activities limited to almost none in Germany.

All this, and then some did the members of the Colhecon club learn from Miss Beeck after enjoying refreshments served by the clothing 21 class.

Speech Teacher Stars As Villain

Hartnell's speech instructor, Mr. Harry Davidson, has joined the Troupers of the Gold Coast, a theatrical group, in their play, "East Lynne," at California's First Theater in Monterey.

Mr. Davidson made his first appearance as a Gold Coast Troupers in the famous role of Sir Francis Levison, last Saturday night. A graduate of the Yale Drama School, he has played in summer stock in the East, had two year's experience in British repertory companies, and wide experience in army shows.

As Hal Garrott, Monterey Herald staff writer, states in his review of the play, "East Lynne," "Ah, what a villain we have in Harry Davidson—how he could lift the show if it needed lifting!"

Tennis Team Starts Work

Facing the same manpower shortage as the coaches of other spring sports at Hartnell, tennis coach G. D. Peavy is working his small squad hard in anticipation of the Coast section tournament.

The tournament will be held here this April for the first time in five years. There will be five teams competing for the right to play the winning team of the other two sections for the NCJCC championship trophy. There will also be a trophy for individual championships of the sections and the conference.

There are only two players re-

turning from last year's Hartnell squad. They are Jerry Skillicorn and Lew Patterson. Skillicorn was number three man while Patterson was only out part of the season.

Others out are Ray Welch, Bob Moger, and John Miggins from last year's Salinas high school team, Ray Houlihan, Tom Grant, and George Chin. Several other potentials have switched to baseball.

Matches will be played with all other schools of the league. These are Marin, Menlo, Contra Costa, and Monterey. There will also be a match with San Jose State.

Skillicorn Tops Ping Pong

Jerry Skillicorn is the new table tennis champ of Hartnell.

Skillicorn amassed a total of 18 points on a basis of two points for a win, one point for a tie, and no points for a loss.

In second place was George Chin with 14 points and third was Al Navaroli with 12.

There will be no more intramural table tennis competition this year.

Each of the three winners received a medal, a gold one for first place, silver for second and bronze for third.

Skillicorn also tops the tennis ladder at the present time.

Hartnell-MPC Gals In Cage Duel

Women's basketball teams representing Monterey Peninsula College and Hartnell College will tangle Tuesday afternoon at 4:30 in the men's gym, Miss June Handley, director of women's athletics, announced. Hartnell will be represented by members of Miss Handley's 11 o'clock P.E. class.

In a rash move, M.P.C. flung a challenge to the local cage cuties, and without a moment's hesitation the Pantherettes sprang to accept the opportunity to show their stuff.

SC All Stars Trounce Harts

In a March of Dimes charity game, cosponsored by Sportscaster Ira Blue and the Santa Cruz City League, the Hartnell Panthers suffered a 71-55 defeat at the hands of the Santa Cruz All-Stars. The loss was incurred on the evening of Lincoln's birthday.

Previously the Panthers had competed in two games last week end and the results of the games showed in the weary men. Bob Steinbach held the top effort for the Panthers with a total of 12 points. Coach Ed Adams played all of his team liberally in the contest.

This week the Harts have been resting for the league tussle with Marin.

Panthers Defeat Cal Frosh 56-51

Last Friday night the Hartnell Panthers defeated the University of California Freshmen team on the local court, 56-51. The fast moving game was highlighted by close scoring and many fouls. The scoring at halftime favored Hartnell 24-22.

California was guilty of a total of 26 personals, while Hartnell was halted for 15. The Panthers managed to gather 20 points from 32 charity attempts. The Frosh were credited with 9 successive attempts out of 19.

Leading scorers for the Harts was Fred Willson with 18, followed by Bob Ballard with 12. The scoring was well dispersed among the members of the team.

Coach Ed Adams used free substitution to rest his starting team, and he reported complete satisfaction with the work of the reserves.

Hartnell (56)

Practice has been the order of the day and the Maroon and Golds prime to be in great shape in more than one day.

Because of the keenness of the battle for starting berths, Miss Handley has not announced starting lineups, but when starting time comes, the Pantherettes will come out snarling.

HARTNELL, MARIN IN TITLE TILT TONIGHT

Hartnell tournament hopes and Salinas Union High School championship hopes both go on the block tonight in the Hartnell gym.

The Panthers have to win all three of their remaining league games to be eligible for the Sacramento J.C. tournament, while S.U.H.S. is tied for top spot in the C.C.A.L. with the Watsonville Wildcats. Tonight's game will decide the title.

Marin, Panther opponent tonight, defeated Hartnell in their last encounter, 57-55, in an overtime period. Marin is holding the top spot in the league with a perfect 4 and 0 record; Hartnell is second with three wins and two losses, one step ahead of Monterey's two and three record.

The high school lightweight game, also a championship game, is slated for 4 p.m., the varsity game for 5 p.m., and a grudge battle between two Washington Junior High School teams will fill the gap between the high school and Hartnell game.

One admission ticket will entitle the spectator to see all four games. Hartnell student body card holders will have to pay the regular admission price to see the high school game and the high school students wishing to see the college

game will have to pay the regular price.

The two top teams in the Coast Conference of the N.C.J.C.C. are entitled to compete in the Sacramento tournament, the winner of which represents California in the national Jaycee tournament. Marin's perfect record has one of these spots clinched but the other is being fought for by Hartnell and M.P.C. The two teams meet each other twice in league play before the close of the season.

The Panthers will start their usual five of Bob Steinbach, Dick deLorimier, forwards; Fred Willson, center; Bob Ballard and Tom Welch, guards.

Both the Panthers and Marin have lost several key players since their previous meeting so the game can go either way. But Hartnell must win if they are to go to the Sacramento games.

League Standings

N.C.J.C.C. COAST DIVISION

Team	W	L	Pct.	Sea.
Marin	4	0	1.000	13-9
Hartnell	3	2	.600	15-12
Monterey	2	3	.400	2-17
Contra Costa	2	4	.333	6-15
Menlo	2	4	.333	7-11

Harts Gain With Win Over Vikings

Journeying up to Concord on last Saturday, the Panthers met and defeated the Contra Costa Vikings in a league contest, 68-49. The Panthers showed a new spirit in the joust and took the win in easy stride.

Playing without the services of one of their top stars, John Gallo, the Vikings were nonetheless a high spirited and scrapping team. Gallo suffered a broken ankle during a practice session in the week previous to the game.

Outstanding shooting by Hartnell's two guards, Bob Ballard and Tom Welch, gave them the top scoring honors with 19 and 15 points respectively.

Coach Adams also was pleased with the defensive work of his team, especially that of Bob Steinbach who turned out his best play of the year.

Adams Releases Track Schedule

First meet of the 1951 season for the Hartnell track team is March 17 according to the track schedule released this week by coach Ed Adams.

Panther opponent in this meet is undetermined.

April 21 will be the climax of the home season when Hartnell hosts for their annual small college meet.

The following week the Coast section of the NCJCC will be held at Marin. Men placing in the top four of their event in this meet will be eligible for NCJCC meet at Modesto May 5.

Following the Fresno Relays at Fresno and the California Relays at Modesto on successive weekends, the winners in the NCJCC will journey to Los Angeles for the state jaycee meet to be held May 25-26 at East Los Angeles College.

BOX SCORE:

Player	FG	FT	PF	TP
Hartnell (68)				
deLorimier	5	0	0	10
Steinbach	4	1	1	9
Willson	5	3	1	13
